

BIOL 3702/BIOL 3702H Brief Syllabus Summary

In lieu of a hard-copy, a series of web pages has been developed as the Fall 2020 syllabus for Microbiology (BIOL 3702 and BIOL 3702H) and its associated laboratory sections. The starting point for this online syllabus is available at the following URL: <http://crcooper01.people.yosu.edu/lecture-home.html>. The present document provides the links to the major components of this web page. This summary is divided into four areas: General Information and one each for the lecture portion of the course and both laboratory components.

General Information

Dr. Cooper's Contact Information
